Letter No L1 998/40-41 D/16.9.44 from  
the mil Commr, Pondy forwarding for  
orders a copy of the resolution of the  
mil cl to the effect that the demolition  
of the properties should be started  
after granting sites to the owners in  
the Kalasipalayam Extension & other  
after allowing reasonable time for  
them to put up houses & shift their  
to that area

10 order for removal of orders with  
reference to the Minutes of the  
28/9 Minster R.S. & P.H. on the  
Petition (vide flag "D")

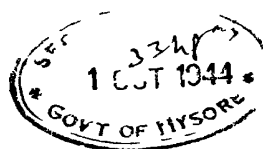

11) The principle that have  
resolved on 15.8.44 that

the properties acquired for the formation  
of the B.V. Krishnaswamy Road  
there should not be demolished  
until sites are granted to the  
owners in Kalasipalayam Extension & other  
allowing reasonable time for them to  
put up houses & shift themselves to that  
area. This is no doubt a

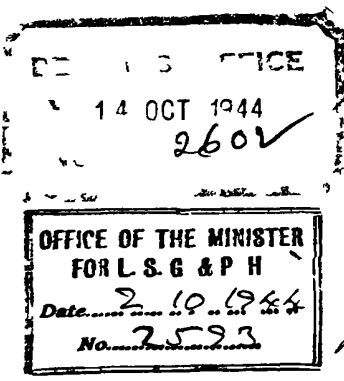

2134/L

or reasonable proposal but a time limit  
 say six months should be fixed within  
 which action should be taken in the name  
 proposed above, as otherwise the formation of the  
 road will not be an accomplished fact.  
 in spite of the aepw's proceedings instituted  
 in this behalf - para 2 of D & P's report  
 [Acquisition proceedings have just been started  
 in respect of the lands required for the Kalinga  
 extension and to meeting with to be issued]  
 hence say for  
 299 m

Ans B K  
 1-5-45

(2) Acquisition proceedings may  
 continue but taking possession  
 of the services may be delayed  
 till funds are allocated. The matter  
 by the Municipality for which  
 purpose the provision is made  
 may be used

Q Pro

CONTINUANCE OF B V KRISHNA IYENGAR ROAD  
TO JOIN ARCOT SRINIVASACHAR STREET  
BANGALORE CITY  
-----

I STAGE

16) The above question was first taken up in the year 1934 when Mr "H Hanumanthappa Municipal Councillor brought ~~the~~ <sup>forward</sup> the following resolution before the Municipal Council -

"That, in order to divert the traffic from the Avenue Road and to remove congestion of the old City, it is proposed that a Parallel Road to ~~the~~ <sup>the</sup> Avenue Road be opened by connecting the road running towards the west of the Central Jail Compound with Arcot Srinivasachar Street "

19) The question was referred by the Municipal Council to the Municipal Engineer for an estimate. He prepared a scheme costing Rs 1 43 50s. After the City Improvement Committee approved of it, the scheme was placed before the <sup>meeting of the</sup> Municipal Council held on 16-9-1935 when it was resolved that "the proposed road be realigned so as to permit of shops being built on both sides of the road, an extra land of 20 feet being acquired for the purpose and as far as possible the road be made straight"

20) ~~When the question was taken up on 16-9-1935~~ some of the members wanted to approve of the original scheme, ~~but~~ <sup>but</sup> the municipal council decided to refer the whole scheme to the Municipal Engineer for further information.

21) The scheme was not taken up again for consideration for about 6 years i.e. till May 1940

II Stage

22) <sup>"K" for</sup> The Municipal Engineer prepared and submitted in May 1940 a scheme at a cost of Rs 2 64,000 for opening a 50 feet road with two foot paths of 10 feet each and shop sites of 40 feet wide on. It was approved by the City Improvement

who resolved that the scheme may be taken up along with the acquisition of the properties known as "manorama" and the Municipal Council agreed to the ~~acquisition of~~ *purchase* ~~the property with the consent of the owner~~. The then Dewan who inspected the spot agreed that the scheme which was a self-supporting one <sup>might</sup> be taken up immediately the sum of Rs 3 lakhs ~~xxx~~ required for the purpose being sanctioned as a loan by the Govt

"L"

23) In their order dated 26th August 1940 Government approved of the scheme and the grant of an advance of Rs 3,49 000 carrying ~~an~~ interest ~~at~~ <sup>4 1/2%</sup> to the Municipal Council in order to enable it to take up the scheme

"M + N"

Meanwhile on 21-11-1940 the City Municipal Council adopted two resolutions <sup>passed</sup> (1) by Mr N Bala-Krishnaiah to keep all acquisition proceedings <sup>relating to this road</sup> in abeyance, pending the disposal of the report of the Special Committee of the Municipal Council appointed <sup>in this behalf</sup> on 5th October 1940 and (2) by Mr T L Gangoji Rao to ~~the~~ the effect that in view of the utter impossibility of acquiring properties to a width of 130 feet and in view of the hardships and sufferings involved to the public in the locality properties be acquired only to the width of 50 feet, suitable sites being given to those whose houses are acquired in the premises of the Manorama Bungalow and Goduriiah Mutt land. Government took no action on the above resolutions and on the public representations made to them on the ground that the question related to the Municipal Council

### III STAGE

25) In January 1941, the Municipal Council ~~for~~ formed a committee ~~consisting~~ of 5 councillors to enquire into and to report on all the aspects of the acquisition of the lands and buildings required for the formation of the road. The committee submitted ~~the~~ a report in February 1941 laying stress

stress on the following points —

(1) the heavy financial outlay in the acquisition of the property and the formation of the road which may not be a self-supporting one owing to the War condition and

(2) <sup>the</sup> hardships caused to the house owners who should not be dispossessed of their houses till other sites are granted to them and time is allowed <sup>to them</sup> to construct dwellings thereon

" P " (2) When these proposals were submitted to Government, they were considered at a meeting of the Council held on 10th October 1941 when it was resolved that the road work may not be taken up as a Government scheme. They however ordered that the Municipal Authorities may proceed with the acquisition proceedings. A Special Land Acquisition Officer was accordingly appointed and the preliminary notifications for the acquisition of the lands were published in the Gazette in November 1941.

The matter was kept in abeyance for 2 years more till May 1943. The Municipal Council resolved to take up the acquisition and grant sites to those who accept the awards, at Kalasapalya. The Special Land Acquisition Officer has taken acquisition proceedings and passed awards in almost all cases. IV Stage

27) Some of the important house owners of the locality submitted a representation in January 1944 to the Minister for Local Self Government and Public Health praying that the scheme may be dropped for the present. A report on the petition was called for from the Municipal Commissioner. The Municipal Commissioner forwarded a resolution of the Municipal Council to the effect that the demolition of the property should be started after granting sites to the owners in the Kalasipalya extension and after allowing reasonable time for them to put up houses and shift to that area. After due consideration, Government in their letter No L 4456/M1 22-44-29 dated 6th November 1944 replied that the acquisition proceedings may continue but taking possession of the properties may be delayed till the sites are allotted to the owners by the Municipal Council, for which purpose six months' time may be given and that, in the meanwhile, arrangements may be made to allot sites to the displaced persons without any delay. "Q"  
"R"

28) The present memorial dated the 16th November 1944 is signed by 14 persons who are said to live in the locality owning important and valuable buildings there. They state that the crystallised proposal of the Municipality to acquire 130 feet of the land to join the Gandhinagar Road with Arcot Srinivasachar's Street involving the demolition of over 180 houses has caused great disgust and consternation in the minds of the people of the locality. Their prayers are as follows. The present Memorial

(1) That the acquisition proceedings with the valuation of Rupees two a square yard which is very

very inadequate and untenable be held in abeyance and revised rates be fixed with expert advice

(2) If acquisition is to be given effect to at all the breadth of the road may be definitely restricted to 50 feet and not to 130 feet, so as to keep it in uniformity with the other roads of the City (Cf Arcot Brinivasachar's Street which ranges between 20 to 30 feet) If the road is made too broad, it will involve heavy initial and recurring charges towards maintenance

(3) Before acquiring the properties, the owners should be asked to intimate their choice and register within a stipulated period their opinion - willingness or otherwise - to get into Government "ready made model houses" that may be built for them in any of the extensions or for assignment of sites for them

(4) The whole question may be referred to the newly formed "Bangalore City Trust Improvement Board"

29) The question of paying higher compensation is one to be decided by the Land Acquisition Officer and by the Court if the parties prefer an appeal thereafter. The Government have already decided that the road work should be executed by the Municipal Council itself

POINTS FOR ORRERS -

30) I Whether the question of taking possession of the houses may be deferred in view of the War conditions and till sites are allotted and houses built,

II - Whether the width of the road to be ft. may be reduced from 130 to 50 feet

31) Subd with the previous Refce Minutes dated 1872  
Law Secy

Asst Sec 1 23/2/45  
Law Sec

51) It ~~xx~~ therefore follows that the present notice even, if it is to be considered a statutory notice may be safely ignored and land acquisition proceedings may be proceeded with

52) But when proceedings under the Land Acquisition Act are undertaken, Government must be extra careful to see that the object for which the proceedings are taken up are strictly for a public purpose. Otherwise the Government would be liable for damages. Such a suit is permissible under Act 7 of 1923

53) No doubt construction of a road is a public purpose (1926, Madras, 10-99). But the question, whether the acquiring <sup>of</sup> 40 feet on either side of the road for purposes of selling sites to private persons and building shops thereon comes within the definition of a "public purpose" is not <sup>quite free</sup> ~~free~~ from doubt and difficulty. This idea of building shops on either side of the road was brought into effect, in order that the whole scheme under-lying the acquisition may eventually become a self supporting scheme. It cannot be denied that a broad road with shops on either side will also be good to the public. Viewing from this point of view it may be said that the scheme is for the public good. But if it is thought that by this scheme the municipality <sup>at the expense of the val-ueless owner</sup> ~~is~~ profited, then perhaps it may not come under the purview of Section 6 of the Land Acquisition Act and as such may give a cause of action to the aggrieved persons to file a suit for damages against Government.

It is therefore very necessary that Government should act very cautiously in such matters. In C 7 N 393-399 it is held as follows:

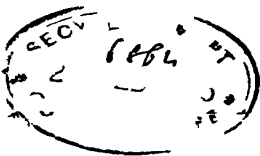

"If a person or body of persons having statutory authority for the construction of works, exceeds or abuses the powers conferred by the

56)  
Not a suit for  
damages, but a  
suit for recovery  
of land on the  
ground that the  
Govt got wrong  
provisions for  
or for compensation  
or for the person  
cannot be  
had

the Legislature the remedy of a person injured in consequence is by action or suit and not by a proceeding of compensation under the statute, which has been so transgressed"

Further, in Indian Cases Page 600-Calcutta, it has been held that though a notification ~~be~~ issued under Section 6 of the Land Acquisition Act, was conclusive, so far as Section 4 of the Evidence Act is concerned, Yet ~~the~~ the High Court was entitled to enquire into the validity of the steps which led up to that declaration and into the legality or otherwise of the Acts of the Calcutta Corporation and of the Improvement Trust " The latter case may be of considerable help to us in deciding whether the scheme of building 40 shops on either side of the road would come under the purview of Section 6 of the Act or not

56)  
2 High Court volumes  
of cases, please for  
reference in the file  
- 3/27/45

55) Thus though we may ignore the present notice and go on with the acquisition proceedings we have to see that what all we do is done strictly in accordance with the provisions laid down in the Land Acquisition Act and if that is done, any suit for damages against Government even if filed would prove infructuous

*Law Secretary*

3/27/45

57) I generally agree

No consideration need be given to the so called notice since it is not in accordance with the provisions of Section 80 of the Code of Civil Procedure and since it is subsequently withdrawn by means of the letter written by the President of B V Arisna Iyengar Road Committee dated 16th February 1945

60) So far <sup>as</sup> ~~regards~~ the portion required for the road is concerned, no difficulty can arise as it is clearly for a public purpose. The doubt is regarding the portion proposed to be acquired for construction of shops. If shops are to be constructed by the Municipality or the Government the acquisition can be definitely be considered to be for a public purpose but if the portion <sup>the</sup> is formed into sites and sold by the Municipality for making a profit or even for making up the amount spent for forming the road a doubt may arise but the case would be somewhat similar to the case of acquiring lands for the formation of extensions in which case also the land acquired would be formed into sites and sold even for a profit.

Further, if only the portion required for the road is acquired <sup>partly demolished & disfigured</sup> buildings on both sides will be disfigured and present an ugly appearance. If shops are constructed on either side not only will there be decency in -- appearance but will it also afford scope for removing congestion in Dodpet and Chickpet. We will in effect be forming another bazaar street. In this sense the acquisition would be for a public purpose.

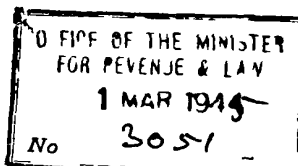

*But* In the Notification issued under Section 4 of the Land Acquisition Act on 26th October 1940 and the notification issued under Section 6 on 10th January 1941 the purpose for the acquisition is stated to be for continuing B V Krishna Iyengar Road so as to join with Arcot Sreenivasa Char Street. So the acquisition is only stated to be for formation of the road (and not for

for construction of shops) *There is this*

*deleted* The ~~only~~ argument that can be advanced in favour of the acquisition is that the formation of the road includes all the necessary concomitants and the requirements for the fulfilment of its object

52/ Any how, as I have already pointed out on 19 1 1945, the owners are too hard hit by adopting the values that prevailed in 1940-41 when the notifications <sup>were</sup> ~~are~~ issued. In the usual course acquisition proceedings should <sup>have</sup> started soon after the notifications were issued. If notifications had been issued in 1944-45 <sup>three times</sup> four times the value that prevailed in 1940-41 should have been given to the owners. It is also to be pointed out in this connection that they have to spend now <sup>about three times</sup> ~~four~~ times what they would have spent in 1940-41 for constructing new houses. Therefore the owners deserve to be given some compensation on this account. The Land Acquisition Officer cannot do it since he is required to adopt the values that prevailed on the date of the notification.

63/ Sufficient time <sup>may</sup> ~~should~~ also be given to them for vacating the buildings

578

71) The file was put up in person and instructions received

72)

Since it has been finally decided by Govt that the Municipality should initiate acquisition proceedings and that the necessary financial accommodation would be allowed by Govt, the following course of action is suggested having regard to the previous history of the case and the developments that have taken place from time to time

1) That the Municipality do arrange to acquire as much land as they deem fit (even if it is up to a width of 130 feet) for the former part of this road

2) That Compensation be calculated at the rates then prevailing and not at the rates current at the time of the issue of

6153, Continuation of B V Krishna Dnyan Rao

Continuation Sheet

of

Page

preliminary negotiations and that the Land Acquisition Officer be asked to make awards accordingly

3) That suitable sites be granted to all houseowners who are dispossessed of their property consequent on this acquisition

4) That possession of the property proposed to be acquired be taken, six months after sites are allotted in a suitable locality

73) If the above suggestions are approved, the Land Acq<sup>n</sup> officer has to make fresh Enquiries & pass awards. The Estimated Cost of acquisition would require revision. There would be no objection that the Municipality were acquiring the land for purposes of profiteering and that it was not strictly required for a public purpose. There would be satisfaction all round and Govt would have disposed of a ticklish case in an equitable manner

Removals

R no 11764 d 27-4-46  
Removals

5/10/46

from the Municipal Town & City

Al 988/40-41, d 4-5-46

From states that the preliminary  
work of acquisition of land and properties  
in the Kalasphalyam Layout is complete,  
that the sites would be demarcated, as  
soon as the roads are formed, and  
that the sites would be ready by  
about the end of the current official  
year

86) The Municipal Town has reported  
that the Attorney General has suggested  
that there is no necessity to have the  
B v. Krishna Vyengar Road more than 50 ft  
55 and that the matter has again  
been placed before the Council, and  
that its decision would be communicated  
in due course.

87) Refer para 75 Suba

88) pl put up a statement from  
categorical reply to the points  
referred in para 75 7/1/46

General and Revenue  
Secretariat

Serial  
No

§9) The particulars are furnished below -

I How far has the acquisition work proceeded?

Out of 65 properties proposed for acquisition in the I stage, awards were passed in respect of 61 properties during the year 1944-45 - ~~that~~ only three properties (out of 61 awarded) were taken possession of and the owners of the remaining properties refused to hand over possession. So it is reported that further action was stopped as per G.O. No L & H 56 - M 22-44-29, dated 6-11-44.

II Has the Municipal Council taken steps to provide sites in Kalasipalyam extension to the owners of the properties that are to be acquired?

Has 'y'

7/ Out of 84 properties proposed for acquisition in the Kalasipalyam layout, 76 properties have already been taken possession of by the Municipality - 3 cases are pending in the Court - 3 cases are released from acquisition and two cases are pending before the city improvement committee

Serial  
No

III The requests made by the  
petitioners may be referred to the  
Municipal Council

92 The Municipal Council has  
at its meeting held on 27-11-45, resolved  
that the Special Land Acquisition Officer  
may take "de jure" possession of the  
properties on payment of the compensa-  
tion amount to the parties, but he  
should not evict them from the premises  
except on certain conditions noted below

1) that every party concerned shall  
be offered a site at 25% less than  
the market value in Koladipalyam layout  
2) that a period of 12 months shall  
be allowed for the parties to put up a  
building

3) that at the end of 12 months, the  
party shall be evicted from the premise  
acquired

4) that from the date the Land Acquisition  
Officer takes "de jure" possession, until  
the party is evicted, he shall be treated  
as a tenant-at-will, on payment of  
reasonable rent-

5) that the parties shall be at liberty  
to contest the awards

93) The above note is submitted for  
perusal, with reference to the

Dewan's minute, in para  
75 supra

94) It is seen from the Municipal  
Committee's letter that the question  
of having a width of road 50 to 55 feet

11351  
1916

for the B.V. Krishna Sagar road  
has been taken up for consideration  
afresh, instead of the 730 feet as  
already decided upon and that it  
has been referred to the Council for  
a final decision. This move  
on the part of the M.C. is not  
quite proper, as, at this rate,  
there will be no finish for the  
resolutions passed by the M.C.

of the Democratic General

From the Municipal Board Bangalore  
No. 1998/40-41, dated 27-8-46  
States that the City Municipal Board,  
at its meeting held on 3-8-46 resolved that the  
acquisition of properties for widening the B V  
Krishna Sagar road and widening streets to be considered  
people may be taken up by the Trade Board, Bangalore  
and requests orders of Govt. thereon

11) The history of the case has been explained at Las Vegas 18 to 29, 57 to 63, and 71 to 76 of the Notes Subura

1. The points raised by the Dewan in his minute dated 2-9-45, have been answered at -

was 89 to 94 of the notes supra

The City Municipal Council has now resolved to entrust the acquisition of properties for widening the P. V. Krishna Sagar road and providing sites to <sup>the</sup> dis-housed people to the Trust-Board

(i) Reference is invited to the proceedings of the Meeting of the <sup>Trust-Board</sup> Municipal Council held on 8-8-1946, wherein, some of the members have urged that, by transferring the above scheme to the Trust-Board, the Municipal Council would be only evading responsibility to provide the dis-housed people with sites

The City Municipal Council has all along handled the Scheme, and in G.O. dated 26-8-40, Govt. have already sanctioned an advance of Rs 3,49,000/- carrying interest at  $4\frac{1}{2}\%$  to the Municipal Council in order to enable it to take

327/46-ur/  
at the scheme

104) out of 65 properties proposed for acquisition in the I stage, awards were passed in respect of 61 properties, during 1944-45 and only 3 properties are reported to have been taken possession of

1501  
11/1 (05) It is not known why the city Municipal Council has changed its mind now

106) <sup>The</sup> As the Government have already decided that the road work should be executed by the Municipal Council itself, it is for consideration if any modification of the orders is called for at all

(07) Refer para 75 of the Notes Subma

108) <sup>The ~~first~~ point for order is the one mentioned</sup>  
proposed in para 101 Subma - whether the work relating to the alignment projects of formation of the road may be transferred from the Government to the Municipal Council for improvement first

SIR

Subject - Acquisition of properties required for widening  
and continuing B V Krishna Iyengar Road B'lore

In continuation of this Office letter No 998/40-41 dated 6-3-1944 on the above subject, I have the honour to state that the Select Committee appointed in this behalf have proposed at their meeting held on 3-5-1944 that such of the owners of the properties to be acquired under the said scheme, as are willing to take sites in the Kalasipalyam layout be each given a site for an upset price to be fixed by the Municipality etc

Then the said proposal was placed before the Municipal Council held on 17-8-1944 and they have resolved that the demolition of the properties should be started after granting sites to the owners in Kalasipalyam Extension as per report of the Select Committee and after allowing reasonable time for them to put up houses and shift to that area

Copies of the suggestions of the Select Committee and the resolution of the Municipal Council referred to above are herein enclosed for favour of orders of Government on the resolution of the Council

I have the honour to be,  
Sir  
Your most obedient servant

Proceedings of the meeting of 'Council' dated 17-8-1944  
-----

7 (Deferred Subject No 5/15-6-1944) Opinion of the Select Committee dated 3-5-1944 regarding the continuance of the B V Krishna Iyengar road

Mr M A Gopalaswamy Iyer moved that the opinion of the Special Committee may be approved

Mr A M Naganna seconded it and Mr B N Gupta supported it

Mr G Nanjappa opposing it said that while the Committee was asked to go into the details it had only given its opinion regarding acquisition and said that the demolition of the houses should be done after sites were provided to the people there and they may also be given one year's time to construct houses on the sites

Mr A J Khaleel also said that acquisition should not be started till sites were formed and amenities were given and they were also given sufficient time to put up the buildings

Mr D Venkataramanappa supporting the Committee's opinion said that since the scheme was very beneficial to all it was to be pushed through urgently

Mr S Viswamurthy supporting Mr G Nanjappa said that details of the properties to be acquired etc, were necessary and that the Committee had not gone into these points

Mr H S Suryanarayana Rao observed that it was decided that the dispossessed people of this area had to be given sites and that they may mark out sites and to these people and allow them time to put up buildings and then demolish their houses for continuing B V Krishna Iyengar road

Then the following resolution moved by Mr G Nanjappa and seconded by Mr K M Naganna was passed by the House

"Report adopted with the proviso that the demolition of the properties should be started after granting sites to the owners (as on August 1944) sites in Kalasipalyam extension as per report and after allowing reasonable time for them to put up houses and shift to that area "

Proceedings of the Special General Meeting of the City Municipal Council, Bangalore, held on Monday, the 21st Feb 1944 at 4 P M , in the Council Hall of the City Municipal Offices, Bangalore

-----

Mr G R Ethirajulu Naidu moved the following proposition -

"Resolved to recommend to Government that possession should not be taken of properties acquired or to be acquired for laying out the B. V Krishna Iyengar Road until provision is made for the housing of persons now in occupation of such properties"

Resolved further that a Committee consisting of Messrs H C Suryanarayana Rao, B N Gupta, K L Naganna and P Siva Shankar be constituted to devise ways and means for finding adequate housing facilities for the purpose and the Committee do submit its report within 15 days from the date of its appointment

Resolved also that no person will get the benefit of ejectment being held in abeyance unless he gives an undertaking in writing duly registered to the Municipality, agreeing to meet the cost of the housing facility provided for him, out of the compensation awarded to him and such undertaking is given within one month from the date of approval of the Report of the Committee"

In moving the above propositions, Mr G R Ethirajulu Naidu gave a short history of the scheme of opening of the B V Krishna Iyengar Road, and said that it was not sufficient if sites are provided for those rendered homeless, but sufficient building facilities should also be provided for them. He said that the proposition aimed at binding such persons by the Execution of the deed for recovering the cost out of the compensation amount that would be awarded in each case. He commended the motion to the acceptance of the House

At this stage, the President brought to the notice of the House that the acquisition proceedings would not be completed unless possession of properties were delivered and he wanted that any resolution sent to Government should be such as would not be against any legal enactment. He further said that no mention was made in the resolution about the tenants who occupied the houses and who would be disposed of quarters and it was a very important question. There would be about 500 persons who would be required to be provided with houses. All these questions have to be seriously considered by the House. He felt that the resolution as worded did not satisfy all the above points and suggested that the same may be suitably altered or modified and the subject got examined by an expert Committee representing all shades of opinion

Mr C N Narasinga Rao said that in the light of the suggestions given by the Chair, the mover be requested to withdraw the proposition and the subject as a whole placed before the House for discussion

Mr A J Khaleel said that the resolution was worded was not capable of being understood. While every section of the House sympathises with the situation and wanted to help the house owners as well as the tenants, the proposition was so badly worded there was no definite case made out in the resolution and he said that such a proposition could not get the support of any one

After an elaborate discussion for and against the

proposition, Mr G R Ethirajulu Naidu handed a modified proposition as follows

"Resolved that a Committee consisting of Messrs H C Suryanarayana Rao, B N Gupta, P M Naganna, P Sivashankar, C. N. Narasinga Rao, A J Khaleel and M A Gopalaswamy Iyengar be constituted to suggest ways and means for providing adequate housing facilities for the persons now in occupation of the properties which are the subject matter of acquisition for laying the B V Krishna Iyengar Road, also considering the feasibility of possession being taken and again leased out to the persons now in possession, and that the Committee do submit its report within fifteen days of its constitution,

Resolved further that sanction of the Government be obtained for the executive of the Municipality to refrain from taking possession of the properties above referred to till the Committee makes its report and the Council expressed its views thereon"

Mr H C Suryanarayana Rao suggested an amendment that the words "to go into all aspects of the question" may be added

Mr K M Naganna proposed an amendment that the words "If necessary" may be added in para 2 of the resolution after the word "Government". This amendment was accepted by the mover of the proposition

Mr C N Narasinga Rao proposed an amendment that the Commissioner, the Health Officer and the Municipal Engineer be members of the Committee and this amendment also was accepted by the mover of the proposition

Mr M K Narayana Iyengar seconded the modified proposition of Mr G R Ethirajulu Naidu

At this stage, the President observed that the Land Acquisition Officer was going on with enquiries in 65 cases and that it would take about two or three months to take possession of the properties. He felt that the object of the proposition would be better served if the proposition was put in a very general term because if the proposition as put before the House was carried, the Special Land Acquisition Officer would find it difficult to proceed with the acquisition work

The Special Land Acquisition Officer also explained that he could not complete the acquisition proceedings without taking possession of the properties

Then, Mr G R Ethirajulu Naidu moved the following definite proposition -

"WHEREAS considerable hardship is likely to be caused to persons who are in possession of the premises which are to be acquired for laying the B V Krishna Iyengar Road, in the light of the difficulty of getting tenements for housing purposes, resolved that a Representative Committee reflecting all shades be constituted to suggest ways and means for providing adequate housing accommodation for the persons now in occupation of the properties which are the subject matter of acquisition for laying the B V Krishna Iyengar Road, also considering the feasibility of possession being taken and again leased out to the persons now in possession and that the Committee do submit its report within 15 days of its constitution

Resolved further that the sanction of the Government

Government if necessary be obtained for the Executive of the Municipality to refrain from taking possession of the properties above referred to till the Committee makes its report and the Council expresses its views thereon"

Mr M K Narayana Iyengar seconded the same. After some discussion, Mr M A Gopalaswamy Iyengar next suggested that the following proposition be substituted for the one proposed by Mr Ethirajulu Naidu

"That a Committee be appointed to suggest ways and means for relieving hardship in regard to housing likely to be caused to the persons who will be rendered homeless in connection with the acquisition of properties for laying the Manorama Road and the Committee to submit a report within one month"

This was seconded by Mr P V Ramachandragupta

In view of the proposition of Mr M A Gopalaswamy Iyengar on general lines, Mr G R Ethirajulu Naidu did not press for his proposition

Then, the proposition of Mr M A Gopalaswamy Iyengar was put to vote and passed unanimously

The following members were selected for constituting the Committee -

- 1 The Municipal Commissioner
- 2 The Municipal Engineer (Secretary)
- 3 Mr M A Gopalaswamy Iyengar (Chairman)
- 4 Mr G R Ethirajulu Naidu
- 5 Mr C N Narasinga Rao
- 6 Mr Mirza Azizulla Beig
- 7 Mr F M Naganna

Then the House rose for the day

Proceedings of the meeting of the Manorama Road Committee  
held at 5 P.M. on 3-5-1944

Present - Messrs M. A. Gopalaswamy Iyengar M.A., B.E.  
P. Suryanarayana Setti B.A., LL.B.  
K. M. Naranra  
D. Govindappa

Mr M. A. Gopalaswamy Iyengar was in the chair

The following proposals of the Chairman were approved by the Committee

1 That such of the owners of the houses to be acquired in connection with the Manorama Road Extension Scheme as are willing to take sites in the Kalasipalyam layout be each given a site for an upset price to be fixed by the Municipality taking into consideration the cost of acquisition and the cost of the layout provided that the house owners accept the awards passed by the Land Acquisition Officer in regard to their properties

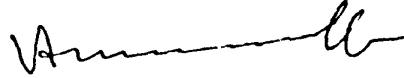

2 That in order to provide cheap and healthy dwelling houses to the poorer classes in the City tenement houses on modern sanitary lines be constructed and rented out by the Municipality

3 That the Municipal Engineer may be requested to prepare plans and estimates for the construction of a few blocks of tenemental houses in the Kalasipalyam layout

4 That the Municipal Commissioner be requested to take immediate action for the acquisition and layout of the Kalasipalyam land

OFFICE OF THE MASTER  
 FOR REVENUE & LAW  
 20 DEC 1944  
 No 7/108

To  
 Mr. K. R. Reddy, Esq., I.C.S.  
 Minister for Revenue & Law,  
 Government of Mysore,  
 Bangalore.  
 Dear Sir,

It is hereby solicited of you the pleasure and privilege  
 of an audience with you for the members of my committee, at your  
 earliest convenience, permit me, as a signatory to the enclosed  
 printed memorial addressed and presented to the Dewan Sahib some  
 time back, to add a word of explanation, the need of which, I so  
 strongly feel the urge in me

It was at a time when your August presence in our midst  
 as the chosen and trusted Minister of our Maharaja's Government  
 vested with the portfolio of the administration remained unknown,  
 that our long standing "decade-old-vehement-grievance" having  
 overhead and forcing the the c of our public representative seek  
 for a conscientiously, just and feasible solution by His Highness  
 Government, was drafted, printed and submitted to the Dewan Sahib  
 as the chief executive authority at the head of the administration

With the advent of a personage of known eminence and  
 distinction to fill a responsible post in the State, with laurel  
 won in foreign fields, on such an imbued with capacity and zeal  
 as evidenced by deeds achieved in the arduous and successful  
 of the inarticulate masses in larger centers and spheres of  
 administration, entices us to look forward with hope for a prospect  
 of a just and satisfactory solution of our present grievances  
 with celerity of action as to relieve the present inconducive  
 distress

In view to have the bliss of a personal submission of  
 facts with such other details as to the present situation

RTD

situation, we are to your space of fixin' up an a present for  
interview i olicito omitt re,

Dear Sir,

to remain,

Young fait fully,

7/11  
With reference to your D O letter No L 5373 dated  
17-12-1945 on the above subject I have the honour to state  
that the letter received with your No L 2415/L1 22-44-100  
dated 25th September 1945 together with the petition  
dated 16th November 1944 addressed by residents of the  
locality to the Minister for Revenue and Law was  
placed before the Municipal Council for ~~their~~ their  
their opinion in the matter

2 The latter at their meeting held on 27-11-1945  
resolved that the Special Land Acquisition Officer may  
take 'de jure' possession of the properties on payment  
of the compensation amounts to the parties, but should  
not ~~evict~~ evict them from the premises except on  
certain conditions A copy of the said resolution is  
herewith forwarded for favour of obtaining the orders of  
Government thereon

3 The petition received with your letter No L 2415/L1  
22-44-100 dated 25-9-1945 is herewith forwarded as  
desired

I have the honour to be,  
Sir,  
Your most obedient servant.

Sub 25 Council resolution No 40/31-7-1945 Report of the Special Land Acquisition Officer in the matter of taking further ~~and~~ steps in connection with the acquisition of properties for B V Krishna Iyengar Road (There was equality of votes at the meeting on 31-7-1945)

Mr M K Narayana Iyengar moved that "the Special Land Acquisition Officer may take 'de jure' possession of the properties on payment of the compensation amounts to the parties but shall not evict them from the premises except as hereunder provided

(a) that every party concerned shall be offered a site at 25% less than the market value in the Kalasipalyam layout, the market value being fixed by the Municipal Commissioner

(b) That a period of 12 months ~~as aforesaid~~ shall be allowed for enabling the party to put up a building

(c) That at the end of 12 months as aforesaid the party shall be evicted from the premises acquired,

(d) That from the date of the Land Acquisition Officer taking 'de jure' possession, until the party is evicted as aforesaid, the party shall be treated as a tenant at will on such reasonable payment for use and occupation as the Municipal Commissioner may fix,

(e) That the parties shall be at liberty to contest the awards

Mr G Manappa seconded the above

When put to vote, ten voted for and Mr K M Naganna voted against

Resolution - Approved

Municipal Commissioner

To

PRADHANA SIRONMANI

N MADHAVA RAU, ESQ, B A, B L, C I E,

DEWAN OF MYSORE BANGALORE

O Pulla Reddy Esqr, I C S,

Minister of Revenue & Law, Bangalore

OUR HONOURED SIR

May it please you as the Chief Executive Authority presiding at the head of the Central Office of Administration of His Highness the Maharaja's Government to be graciously pleased to accord to us the favour of your benign attention for redressing the grievances herein represented on behalf of the mournful populace inhabiting Division No II of the Municipal area in the City of Bangalore in respect of action that has been proposed to be taken for opening up and laying out a road called B V Krishna Iyengar Road as to connect Kempegowda Road with Chickpet

The present stage at which the intention of the Municipality stands crystalized indicates that the scheme for the lay out contemplates acquisition of properties to a breadth of 130 feet involving the demolition of over a hundred and eighty houses and rendering 400 families homeless in consequence thereof and at a cost, approximating 3 lakhs to be incurred by the Municipality and that by borrowing funds from the Government

The history of the origin and the various processes of the development of this scheme, forms annexure to this representation. It will indicate how it was that on or about the 7th July 1934 with commendable zeal and flare to effect sanitary and other points of civic improvement in the locality in keeping with the lay out of the Gandhinagar area the idea to open out and run a road parallel to the Avenue Road was conceived and sponsored by Mr W H Hanumanthappa as a formal proposition for consideration by the Municipal Council. The Municipality now ten years later seems to bister itself to actually push through the acquisition proceedings to acquire 130 feet of land in breadth and spreading over the entire length of about 2½ furlongs as to join the Kempe Gowda Road with the Chickpet Square leading into Arcot Srinivasachari Street

In view of the disquiet created and consternation engendered in the minds of the poor inhabitants of the locality under a bogey set up for the acquisition of their homes by Government with the possibilities of hundreds of poor families being dislodged stranded and thrown on the streets inadequately recompensed drives us to seek your refuge and crave your protection and compassionate relief by timely intervention, with the weight of your authority

For reasons so unreservedly expressed and humbly represented herein our present fervent prayer in all solemnity to you our Honoured Sir is for the exercise of your gracious and judicious instincts towards mitigating the avoidable distress and miseries to us the lowly and humble folks We beseech and implore of you that as a measure of beneficence contributive to the greatest good of the greatest number it may please you to direct and cause

(1) The arrest of all acquisition proceedings now under operation with precarious valuation i.e. at Rs 2 a sq yard neither tenable nor sustainable in the present condition of affairs and not commensurate with the prevailing scale of prices for land and houses in the City area

In view to avoid further difficulties by recourse to law Courts a Committee composed of the Chief Engineer and other technical experts may be ordered to be constituted to revise rates and estimate cost of acquisition as at present

(2) If the proposed road must needs to be opened up and laid out the breadth of the road may be definitely restricted at 50 feet only The reasonableness of this will be clear by comparison of the existing width of the main road in Gandhinagar running between the District Board Office and Sagar Talkies and taking into consideration the width of Aicot Srinivasachari Road the width of which is ranging between 22 to 30 feet to justify the minimum breadth being prescribed at 50 feet and not at 130 feet—in the interest of homogeneity and uniformity of roads in the City, not to mention and allude to cost for the initial of out lay and of the perennial cost for its maintenance

## 2 (A) Re plan

It stands to reason that the Plan prepared by Municipal Engineer so long back as in or about 1940 needs to be modified specially in view of the order passed by the Government (13—1—1941) to leave 10 feet of Conservancy Road in the rear portion of the proposed Shops so as to give entrance to the existing houses The plan has to be scrutinised and if necessary a new plan prepared so as to fit it in with the general lay out of this City

Further it is hardly necessary for us to either emphasize—or impress on you how repulsive it is to all canons of governance of a Hindu Sovereign towards his law abiding subjects to permit a Municipal institution to commercially speculate and deprive innocent folks of their house and mar the public weal under the guise of opening out congestion and beautifying the locality

(3) *Pari Passu* with the procedure of having now to notify *de novo* specifically the actual properties which it is inevitable to acquire from the inmates of the locality, as come within the ambit

of acquisition the owners may be informed and asked to intimate and register within a stipulated period of time their choice willingness or otherwise to get into Government ready made model houses that may be built for them on an uniform pattern in any of the extensions designed for housing the dislodged families or for assignment of suitable sites for their use as may be plotted out in the selected area at close quarters to their present dwellings

This measure it is expected would allay the present dismay in the hearts of the poor mute artisans and craftsmen that now inhabit the locality within the area proposed for acquisition in humble tenements for generations past

(4) In view of the newly created and constituted Bangalore City Improvement Trust Board which is to function shortly it is respectfully urged and commended to your gracious attention with a prayer that this present scheme of acquisition etc of properties and the lay out of the 50 feet broad road for a length of  $2\frac{1}{2}$  furlongs and the construction of a series of model houses for the benefit of the dislodged and homeless families in Division II of the Bangalore City may very usefully be transferred and entrusted to the Trust Board instead of the City Municipality being saddled with this as heretofore

We the undersigned as the owners of some of the substantially built houses of value and importance residing for generations past from father to son in the locality, now within the range of acquisition

Respectfully beg leave to remain our Honoured Sir,

Your most obedient servants

and humble citizens

## ANNEXURE

### REPORT OF THE COMMITTEE

#### On the Scheme for the continuation of the B V Krishna Iyengar

**History of the Scheme** —At an Ordinary General Meeting of the Council held on 7—7—1934 Mr W H Hanumanthappa moved the following proposition —

That in order to divert the traffic from Avenue Road and to remove congestion of the old City it is proposed that a Parallel Road to Avenue Road be opened by connecting the road running towards the West of the Central Jail compound with Arcot Srinivasachar Road

The Council resolved to refer the matter to the Municipal Engineer for an estimate

The Municipal Engineer prepared a scheme at a cost of Rs 1 43 508 and his scheme was placed before the City Improvement Committee on 29th July 1935 The Committee resolved as follows —

The majority of the members are in favour of the scheme The first stage will be taken up as funds are provided

The Resolution of the City Improvement Committee was placed before the Municipal Council on 10th August 1935 when it was resolved as follows —

That the proposed road be re aligned so as to permit of shops being built on both sides of the road an extra land of 20 feet being acquired for the purpose on either side and as far as possible the road be made straight

At a meeting of the Council held on 16—9—1935 Mr W H Hanumanthappa and 10 others Councillors brought forward a proposition for modification of the above resolution and for approval of the original scheme as proposed by the City Improvement Committee on 29—7—1935 The Council however decided to refer the whole scheme to the Municipal Engineer for further information and to defer its consideration till the receipt of the Engineers Report

The scheme was not taken up again for about 6 years for consideration till May 1940

The Municipal Engineer prepared a scheme at a cost of Rs 264,000 for opening a 50 feet road with two foot paths of 10 feet

each and shop sites 40 feet wide on either side and submitted the same on 21st May 1940. It was approved by the City Improvement Committee on 22nd May 1940. The then Dewan Sahib appears to have inspected the spot in question on 22-5-1940 and suggested that the scheme might be taken up immediately. His notes of inspection are as follows —

The scheme for acquisition of Manorama Building and the continuation of the Manorama Road up to the Arcot Srinivasachar Road may be taken up immediately. It is said to be a self supporting scheme. The sum of Rs 3 lakhs required will be granted by Government as a loan subject to recoupment when the sites are sold.

At a meeting of the Council held on 5-6-1940 the following resolution on the subject was passed —

That the scheme be taken up along with the acquisition of Manorama and that the Government be requested to give a loan subject to recoupment by the sale of the sites etc. and that suitable sites be provided for those whose land is acquired in near about places, wherever possible.

On 1-7-1940 the resolution of the Council was sent to the Government for sanction. And the Government passed orders on 26-8-1940 to the following effect:

The Resolution of the Municipal Council is sanctioned the advances being met out of the provision of Rs 5 lakhs made for extensions and formation of sites in Bangalore City in the current year's State Budget. A minimum rate of 4½ per cent interest will be charged on the outstanding advance from time to time.

The Municipal Commissioner is requested to forward the details of the scheme with the necessary plans.

A memorial signed by 17 residents of the concerned place was presented to the Council on 31-5-1940. But the Council does not appear to have considered it at all.

Again at a meeting of the Council held on 5-10-1940 the following resolution was passed —

That a Committee consisting of Messrs T L Gangoji Rao, S L Mannaji Rao and B L Byanna be formed to go into the question of the extension of the B V Krishna Iyengar Road and make a report.

The subject was again brought up for consideration before the Council at its meeting held on 21-11-1940 and the Council adopted the following resolutions moved by Messrs N Balakrishnaiya and T L Gangoji Rao respectively —

Mr Balakrishnaiya's resolution That pending disposal of the Committee formed on 5th October 1940 regarding the continuation of Krishna Iyengar Road on the final decision thereon resolved that all further acquisition proceedings be kept in abeyance

Mr Gangoji Rao's Resolution In view of the utter impossibility of acquiring the properties to a width of 130 feet to continue B V Krishna Iyengar Road and in view of the hardships and untold sufferings the public will be subjected to in that locality by adopting the above scheme it is proposed that the properties be acquired only to a width of 50 feet to continue the said road in accordance with the original proposal and adequate sites be allotted to those persons whose properties will be acquired in the premises of Manorama Bungalow and Goduriah Mutt land

These resolutions were sent to the Government on 13th December 1940 but no reply has been received

The Government however appear to have proceeded with the acquisition of land in connection with the Scheme A Special Establishment was sanctioned and a Special Land Acquisition Officer was appointed The Special Officer has taken charge on 3-1-1941 The preliminary notices under Section 10 of the Land Acquisition Act was issued The land acquisition proceedings were in progress

Some of the influential residents of the Second Division appear to have interviewed the Second Member of Council on 13-1-1941 and presented a petition also to him subsequently But we understand that the Government declined to interfere in the matter, as the scheme was one undertaken by the Municipality and as the land acquisition work was in progress

On 30-1-1941 fifteen Municipal Councillors sent a written requisition to the President for the purpose of convening a Special General Meeting of the Council to consider a subject of great urgency and importance namely the scheme for the continuation of the Manorama Road Accordingly, a special meeting of the Council was held on 31-3-1941 and it was resolved thereat as follows —

(a) That a Committee consisting of

- 1 Sri L S Raju (Chairman)
- 2 Sri B Subbiah
- 3 Sri C N Narasinga Rao
- 4 Sri N Kesaviengar
- 5 Sri M A Gopalaswami Iyengar

be appointed to inquire into and report on all aspects of the acquisition of land and buildings in connection with the continuation of the B V Krishna Iyengar Road with instructions to submit its report within three weeks from this date

- (b) That all further land acquisition proceedings regarding the continuation of the B V Krishna Iyengar Road be kept in abeyance pending consideration of the Report of the Committee or until further orders of the Council

**Committees Report** The Committee at the outset desires to lay stress on two important aspects of the scheme viz the heavy financial outlay and the hardship to the house owners

The scheme appears to have been taken in rather undue haste with without a careful consideration of its financial aspect. The Municipal Engineer's estimate of the cost of the scheme appears to be too modest. And it is not clear what the Municipality would probably realise by the sale of shop sites. On account of the war the prices have gone up and the cost of acquisition may likely be much higher. Further the rate of interest at which the loan is taken from the Government is comparatively high. The Committee is therefore of opinion that the scheme is more a speculative venture than a self supporting proposition.

If the scheme is carried out some 181 houses would have to be demolished. These house owners and their families would thereby be rendered homeless and we are sorry to note that neither the Council nor the Government has taken any steps to provide them with housing facilities as was done in some cases. Though the Municipal Council passed a resolution that they should be given sites in near about places no action appear to have been taken in that behalf. Owing to the war the price of building materials has increased and the concerned house owners would find it difficult to embark upon the construction of houses on modern lines during such a time. There does not appear to be any great urgency about the scheme. If it is postponed till normal conditions are restored and proper provision is made for re housing those that may lose their houses it would not affect the improvement of the City.

The Committee therefore considers that the entire scheme may be deferred for the present and that the Government be requested to drop the land acquisition proceedings provided that the house owners who have received notices under the Land Acquisition Act give in writing an undertaking that they would not claim any damages against the Government or the Municipality. Mr C. N. Narasimulu suggests that if the Government wish to

continue the land acquisition proceedings they may be requested to undertake the scheme at their own cost Mr M A Gopalswamy Iyengar a Member of the Committee, has signed this report subject to a minute of dissent which is hereto annexed

Sd L S Raju  
C N Narasinga Rao  
N Kesava Iyengar  
M A Gopalswamy Iyengar  
B Subbiah

Bangalore

Dated 11th February 1941

Subject to Minute of Dissent

For about 2 years the matter was kept in abeyance and in the year 1943 all of a sudden the Municipality knowing fullywell the scarcity of sites and also the impossibility of constructing the new houses when the cost of the material and labour have gone up abnormally high have chosen to pursue the acquisition proceedings without making any adequate provision for the houses to live in by allotting suitable sites in the vicinity

On 21-5-1943 a proposition tabled by Mr Ramlal Fivan the council resolved That a report from the Municipal Engineer as to the cost of present market was called for

On 12-6-1943 on Mr Chickyallappa's proposition it was resolved that aquisition may take place and sites be given at Kalasipalyam

On 21-2-1944 the council accepted the general proposition of Mr M A Gopalswamy Iyengar to the effect that sites may be given to those who accept the awards at Kalasipalyam

All the above propositions are not either fair in justice and equity

Petn of July 45 from Messrs  
C N Sastri, B.A., LL.B and M  
Ramaswami Sastri, B.Sc., LL.B  
Advocates Bar, requesting  
that the scheme relating to the  
continuance of the B Krishna  
Iyer & Co to join the Aree  
Srinivasachar street may  
be kept in abeyance until  
normal times return etc,  
subd for perusal

In the last para of the Petn  
the Advocates have stated  
that this may be treated as a  
Statutory notice under the  
civil procedure code etc,

The connected file is found up

The Minister for Revenue & Law  
was pleased to order in that  
file that he would inspect  
the place on the 14th instant  
at 9 30 AM with the Law  
Semp & the ml commr. The  
ml commr has accordingly  
been intimated. The Petition  
were also written to in the  
matter of the inspection of the  
place by the Minister on  
14-2-45

If affords the file will be sent  
to the P A to the Minister

10/2 10/2

5960

The lawyers of messrs C N Lasky  
and C or Ramaswami Lasky, have  
-threw a notice, which they want  
to be treated as a statutory notice  
under the civil procedure code. My  
request that all proceedings in this  
connection be kept in suspense, pending  
adjudication by a competent court of  
law after a period of two months.

This is anyhow a novel development  
and it is not known how far this could  
be construed as a <sup>statutory</sup> notice & whether  
the arguments proceedings, which have not  
reached the stage of taking possession <sup>notice of</sup>  
of some of the properties, could be stopped <sup>cur</sup>  
The Law Section may perhaps be consulted in  
the matter. 12 2 4/5

In the meanwhile, the Minister R & L has been  
pleased to order that he would inspect the  
place at 9.30 A.M. on the 14th inst, in  
company with the H.C. & the Law Secy.  
The H.C. has been written to already in  
the file will be sent to  
the Personal Assistant to the Minister at 2  
for sub- to the Minister on the 14th inst.

The Chief Secretary to  
the Government of Mysore Bangalore City  
-----

Regarding the extension of B V Krishna Iyengar's Road and  
connected it with Arcot Sreenivasachar's st, Bangalore City  
-----

Sir

We are instructed by some of the house owners whose  
houses are proposed to be acquired for the scheme of extend-  
ing B V Krishna Iyengar's Road so as to connect it with -  
Arcot Sreenivasa Char's road in particular and also by N Y  
Pillay President of B V Krishna Iyengar's Road Committee  
on behalf of all such house-owners in General to write to  
you as follows --

The main object of the scheme as put forward by the  
City Municipality from time to time is to construct a road  
of 30 feet wide in continuation of B V Krishna Iyengar's  
road with a foot path of 10 feet wide on either side of it  
To this main object of the scheme another bye-scheme is tacked  
on whereby forty feet width of space on either side of the  
above mentioned 50 feet(Road and foot paths) be also acquired  
This is expressly stated to be for the purpose of formation  
of shop sites on either side of the said road to be sold to  
private persons and out of the sale realisations to discharge  
the loan to be advanced to it by the Government to work out  
the scheme The scheme as a whole seems to have received  
approval of the Government and the Government accordingly noti-  
fied in the Mysore Gazettee dated 7th November 1940 that a  
space of 130 feet wide be acquired by acquiring the houses  
standing thereon

After the Gazettee notification the actual carrying out  
of the scheme was practically dropped by the City Municipality

---

municipality owing to the extreme hardship of the affected houseowners due to the difficulty of housing problem. The scheme so dropped is resumed again. Owing to the war conditions and the prevailing cost of building materials and labour as also for want of suitable sites it is impossible for them to build new houses. The result is that about 500 families will be rendered homeless. As far recent rent control ordinance rules it is impossible to secure house accommodations for rent either. Almost all of these that are so effected are traders and business people and they cannot forsake their business which is their main stay nor keep at a big distance of the city business centre. As the scheme was dropped and nothing was done so long it is worth its while not to resume it or at least until normal conditions return. It is requested that the scheme be not renewed.

Apart from the above request this is to bring to your kind notice that while the above stated main object of acquiring fifty feet width for purposes of the Road and the foot path may be said to be for public purpose the bye scheme of acquiring additional forty feet width of space on either side of the road to enable the municipality to form shop sites sell them and realise large amounts can hardly come under the category of public purpose. It is simply profiteering to say the least. Such a profiteering at the cost of the private owners is not contemplated by the Land Acquisition Act and such is neither just nor equitable. It is submitted that the law is over-worked to the extreme in order to provide the City Municipality means of making large profits out of the sale of the shop sites and liquidate the loan that the Government would advance for the alleged improvement or use it otherwise. You are aware of the object of the law which will look to the larger interest of the public convenience even if it means inconvenience or hardship to individuals, but not placing valuable property in the

hands of others (even though it be a judicial person like Municipality) only to sell it back to private persons and create private ownership over it. Such an act it is what law characterises as Ultra vires and the highest tribunals have condemned it from time to time.

It may also be noticed that the Government on the motion of the City Municipality notified the intended acquisition in the official gazettee on 7th October 1940<sup>and 10/1/1941</sup> and the acquisition proceedings also started and worked out to some extent. But the Municipality subsequently abandoned the scheme and on that account the above notification so automatically ceased to be in force. Now nearly five years afterwards the acquisition proceedings are started afresh without fresh Gazettee notification but purporting to be under the old notification itself and that is neither legal nor just inasmuch as no opportunity is given to the affected owners to put forward their objections on existing circumstances.

This is therefore to draw your kind attention to all the above aspects and to stop acquisition proceedings which is now going on. In any case the request is to keep the main scheme in abeyance until normal times return and to abandon the profiteering by scheme altogether.

This letter may also be treated as statutory notice under the Civil procedure code preliminary to the legal action intended to start in a proper court for an adjudication upon the above facts. In the meanwhile i.e. during the period of two months of notice our clients request all proceedings be kept in suspense to enable them to take a judicial decision inter parties as nothing could be done before the expiry of that period.

Bangalore City

February 45

Yours faithfully

N<sup>o</sup> 2415 - M 22-44-100

TO The Municipal Commissioner  
Bangalore City

(Through the President,

Subj - Continuance of the B v Krishna  
Sreena Road, Bangalore City

Sir,  
with reference to the correspondence  
ending with <sup>the office</sup> your letter No K 4456/M  
22-44-29, dated 6-11-44, on the above subject,  
I am directed to enquire how far has the above  
acquisition work <sup>has</sup> proceeded <sup>and whether</sup> the City Municipal  
Commissioner has taken steps to provide sites in the  
Kelasahally extension to the owners of the properties  
that are to be acquired.

In this connection, I am to forward herewith  
in original C to be kindly returned with the reply  
the petition dated 16-11-44, addressed <sup>by the petitioners</sup> to the  
Minister for Revenue and Law urging the  
following requests -

1. That the acquisition proceedings with the valuation  
of Rupees two a square yard, which is very inadequate  
and untenable, be held in abeyance and revised

Rates be fixed with expert advice

2) If acquisition is to be given effect at all, the breadth of the road may be definitely restricted to 50' and not to 130', so as to keep it in uniformity with the other roads of the city

3) Before acquiring the properties, the owners should be asked to intimate their choice and register with a stipulated period their opinion to get into the Government "ready-made Model houses", that may be built for them in any of the extensions or for assignment of sites for them.

4) ~~The whole question may be referred to the "Bengaluru City Improvement Trust Board"~~

I am  
and, to request that the opinion of the city Municipal Council, on the several requests made by the petitioners may be kindly furnished together with the other particulars referred to above. Very truly

I have

BANGALORE CITY

Dated 16th Feb 45

The Secretary to the Government of His Highness  
the Maharaja of Mysore,  
Law Department,  
BANGALORE

Sir,

In reference to your letter No L 7825 dated the 5th inst, announcing to me that the Honourable Minister for Revenue & Law would be inspecting at 9-30 A M on Wednesday the 14th instant, the spot connected with the proposed extension of B V Krishnaiyengar road, and of the reason which you so obligingly favoured me with for his failure to do so, at our last meeting, permit me to hereby submit formally, a true statement of facts for being placed before the Minister, as to enable him to graciously revise his inclinations and take up for consideration early, our prayer contained in the Memorial of the 16th November, 1944, for favour of equitable and decisive orders on merits of our grievances

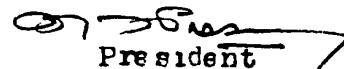

While our points of distress and the manner of relief sought for as represented in the Memorial of the 16th November 1944 has been a pending subject for consideration before Government, now for ever a couple of months -- a period of

of crowded events of distractions to His Highness' Government through various state concerns - - the municipal threat of a possible coercive ejection of the poor from their homesteads, in the locality, within a short limit of time, as reflected in the several award notices issued by the Land Acquisition Officer, spread a wave of consternation unhinging the mental poise of a few residents resulted in the issue of a legal notice, to the Government in my name, without my consent or cognisance. In view to avoid any possible future legal complications I hereby formally cancel and withdraw the said notice and request its being expunged from records so as to validate Government decision on merits of our prayer contained in the Memorial of the 16th November 1944.

In the light of these true facts faithfully stated I implore an early consideration and issue final orders

Yours faithfully,

With reference to your letter No L 7652 dated 29-1-46 and subsequent reminders dated 27-3-46 and 27-4-46 calling for a report on the above subject, I have the honor to state that out of 65 properties proposed for acquisition in the I stage, Awards were passed by the Special Land Acquisition Office in respect of 61 properties during the year 1944-45 and Award notices have been served on the owners of the properties. Out of 61 properties acquired, only three properties were taken possession by the Municipal Engineer and the owners of the remaining properties refused to hand over possession.

*Flag 'G'*

Then further action was stopped as per instructions given by Government in their order No L 4456/M1 22-44-29 dated 6-11-1944.

Then the entire attention of the Special Land Acquisition Officer was devoted to the acquisition of properties in Doddabilkhana village, for the formation of Kalasipalyam Layout. Out of 84 properties proposed for acquisition in Doddabilkhana, 76 properties have already been taken possession by the Municipal Engineer, 3 cases are pending in the City Magistrate's Court, Bangalore, 3 cases belonging to Mr S Dhondusa have been omitted from acquisition as per G O No L 9469-70 M1 22-45-41 dated 15-3-46 and 2 cases are pending before the City Improvement Committee.

The Municipal Engineer is attending to the work of formation of Layout in the said Extension (Vide Copy of his report enclosed).

In the meanwhile the Honorary President has suggested in respect of the B V Krishna Iyengar Road, that there is no necessity to have a road more than 50 to 55 feet in width and that the matter may again be placed before the Municipal Council.

- 2 -

~~Add~~ Accordingly the matter has been referred to Council for a final decision in this regard

The resolution of the Municipal Council will be communicated to Government in due course

I have the honor to be,  
Sir,  
Your most obedient servant,

  
Municipal Commissioner.

Copy of Letter No E3 G1 3354/45, dated 1st April 1946 from the Executive Engineer, Bangalore City Municipality, to the Municipal Commissioner, Bangalore City

---

Reference - S L No 1r 10/45-46 dated 20th March 1946 Subject Formation of Kalasipalyam Layout

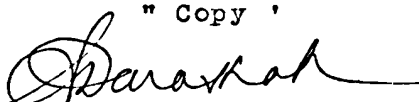

With reference to your above, requesting me to report the progress on the work of the formation of the Kalasipalyam Layout, I have the honor to submit herewith a short note giving the details of the same

Formation of Kalasipalyam Layout

- 1 A provision of Rs 25,000/- has been made in the Budget for 1945-46 for the Kalasipalyam Layout
- 2 The preliminary work of the acquisition of the land and properties is completed
- 3 There has been no response to the notification for auction of the petty houses in the area, and as such, the Municipality is recovering the available useful materials, and raising the sheds and houses to ground
- 4 The alignment of the roads in the Layout, with lock-splitting of the sides is completed and the trees that come in the way of the alignment are being cut they will be auctioned
- 5 Work regarding the raising of the general level of the roads and formation of the same, will be immediately taken up
- 6 The sanitary and water supply Divisions are being consulted in the matter of estimates pertaining to their respective departments
- 7 The sites will be demarcated, no sooner the roads are formed
- 8 The site will be ready for sale by auction by about the end of the financial year
- 9 The coconut trees, wells and other useful items, coming within the sites are proposed to be left as they are, so that they may be included as properties in the respective sites and auctioned along with the land
- 10 The extension of the central masonry drain is proposed to be taken up and completed before the end of the year

The acquisition of B V Krishna Iyengar Road and providing sites to the dishoused people be taken up through the Trust Board

Sd P Sivashankar,  
Chairman

Proceedings of the Meeting of the Council dated 3-9-46

No 102 -

There was a good deal of discussion in this matter, some of the members like Mr G Nanjappa observing that by transferring the scheme to the Trust Board, they would be only evading responsibility to provide the dishouse people of the B V Krishna Iyengar Road people with sites. Some of the members like M/s ~~Ramiah Thirwar~~ C Chenniah, N Y Pissay, K R Papiahraju, observed that there was actually no need for 150 feet road and that they may send the scheme to the Trust Board, with a direction that the road should be only 50 feet wide.

Messrs H C Suryanarayana Rao, S Krishnappa, opposed referring ~~of~~ the question to Trust Board and said that they should decide the scheme

Messrs A J Khaleel, D Venkataramanappa, opposing the 50 feet road, said that the Trust Board being financially better fitted to take up such schemes, they might simply send the scheme to that body

Finally it was agreed that the scheme may be sent to the Trust Board with suggestions re the width of the road

Sd P Sivashankar,  
Honorary President

To

PRADHANA SIRONMANI

N MADHAVA RAU, ESQ, B A , B L , C I E ,

DEWAN OF MYSORE BANGALORE

OUR HONOURED SIR

May it please you as the Chief Executive Authority presiding at the head of the Central Office of Administration of His Highness the Maharaja's Government to be graciously pleased to accord to us the favour of your benign attention for redressing the grievances herein represented on behalf of the mournful populace inhabiting Division No II of the Municipal area in the City of Bangalore in respect of action that has been proposed to be taken for opening up and laying out a road called B V Krishna Iyengar Road as to connect Kempegowda Road with Chickpet

The present stage at which the intention of the Municipality stands crystalized indicates that the scheme for the lay out contemplates acquisition of properties to a breadth of 130 feet involving the demolition of over a hundred and eighty houses and rendering 400 families homeless in consequence thereof and at a cost approximating 3 lakhs to be incurred by the Municipality and that by borrowing funds from the Government

The history of the origin and the various processes of the development of this scheme forms annexure to this representation. It will indicate how it was that on or about the 7th July 1934 with commendable zeal and flare to effect sanitary and other points of civic improvement in the locality in keeping with the lay out of the Gandhinagar area the idea to open out and run a road parallel to the Avenue Road was conceived and sponsored by Mr W H Hanumanthappa as a formal proposition for consideration by the Municipal Council. The Municipality now ten years later seems to bister itself to actually push through the acquisition proceedings to acquire 130 feet of land in breadth and spreading over the entire length of about 2½ furlongs as to join the Kempe Gowda Road with the Chickpet Square leading into Arcot Srinivasachari Street

In view of the disquiet created and consternation engendered in the minds of the poor inhabitants of the locality under a bogey set up for the acquisition of their homes by Government with the possibilities of hundreds of poor families being dislodged, stranded and thrown on the streets inadequately recompensed drives us to seek your refuge and crave your protection and compassionate relief by timely intervention, with the weight of your authority

For reasons so unreservedly expressed and humbly represented herein our present fervent prayer in all solemnity to you our Honoured Sir is for the exercise of your gracious and judicious instincts towards mitigating the avoidable distress and miseries to us the lowly and humble folks. We beseech and implore of you that as a measure of beneficence contributive to the greatest good of the greatest number it may please you to direct and cause

(1) The arrest of all acquisition proceedings now under operation with precarious valuation i.e. at Rs 2 a sq yard neither tenable nor sustainable in the present condition of affairs and not commensurate with the prevailing scale of prices for land and houses in the City area

In view to avoid further difficulties by recourse to law Courts a Committee composed of the Chief Engineer and other technical experts may be ordered to be constituted to revise rates and estimate cost of acquisition as at present

(2) If the proposed road must needs to be opened up and laid out the breadth of the road may be definitely restricted at 50 feet only. The reasonableness of this will be clear by comparison of the existing width of the main road in Gandhinagar running between the District Board Office and Sagar Talkies and taking into consideration the width of Aicot Srinivasachari Road the width of which is ranging between 22 to 30 feet to justify the minimum breadth being prescribed at 50 feet and not at 130 feet—in the interest of homogeneity and uniformity of roads in the City not to mention and allude to cost for the initial outlay and of the perennial cost for its maintenance

## 2 (A) Re plan

It stands to reason that the Plan prepared by Municipal Engineer so long back as in or about 1940 needs to be modified specially in view of the order passed by the Government (13—1—1941) to leave 10 feet of Conservancy Road in the rear portion of the proposed Shops so as to give entrance to the existing houses. The plan has to be scrutinised and if necessary a new plan prepared so as to fit it in with the general lay out of this City

Further it is hardly necessary for us to either emphasize—or impress on you how repulsive it is to all canons of governance of a Hindu Sovereign towards his law abiding subjects to permit a Municipal institution to commercially speculate and deprive innocent folks of their house and mar the public weal under the guise of opening out congestion and beautifying the locality

(3) *Pari Passu* with the procedure of having now to notify *de novo* specifically the actual properties which it is inevitable to acquire from the inmates of the locality as come within the ambit

of acquisition the owners may be informed and asked to intimate and register within a stipulated period of time their choice willingness or otherwise to get into Government ready made model houses that may be built for them on an uniform pattern in any of the extensions designed for housing the dislodged families or for assignment of suitable sites for their use as may be plotted out in the selected area at close quarters to their present dwellings

This measure it is expected would allay the present dismay in the hearts of the poor mute artisans and craftsmen that now inhabit the locality within the area proposed for acquisition in humble tenaments for generations past

(4) In view of the newly created and constituted Bangalore City Improvement Trust Board which is to function shortly it is respectfully urged and commended to your gracious attention with a prayer that this present scheme of acquisition etc of properties and the lay out of the 50 feet broad road for a length of  $2\frac{1}{2}$  furlongs and the construction of a series of model houses for the benefit of the dislodged and homeless families in Division II of the Bangalore City may very usefully be transferred and entrusted to the Trust Board instead of the City Municipality being saddled with this as heretofore

We the undersigned, as the owners of some of the substantially built houses of value and importance residing for generations past from father to son in the locality now within the range of acquisition

Respectfully beg leave to remain our Honoured Sir,

Your most obedient servants

and humble citizens

## ANNEXURE

### REPORT OF THE COMMITTEE

On the Scheme for the continuation of the B V Krishna Iyengar

**History of the Scheme** —At an Ordinary General Meeting of the Council held on 7—7—1934 Mr W H Hanumanthappa moved the following proposition —

That in order to divert the traffic from Avenue Road and to remove congestion of the old City it is proposed that a Parallel Road to Avenue Road be opened by connecting the road running towards the West of the Cential Jail compound with Arcot Srinivasachar Road

The Council resolved to refer the matter to the Municipal Engineer for an estimate

The Municipal Engineer prepared a scheme at a cost of Rs 1 43 508 and his scheme was placed before the City Improvement Committee on 29th July 1935 The Committee resolved as follows —

The majority of the members are in favour of the scheme The first stage will be taken up as funds are provided

The Resolution of the City Improvement Committee was placed before the Municipal Council on 10th August 1935 when it was resolved as follows —

That the proposed road be re aligned so as to permit of shops being built on both sides of the road an extra land of 20 feet being acquired for the purpose on either side and as far as possible the road be made straight

At a meeting of the Council held on 16—9—1935 Mr W H Hanumanthappa and 15 others Councillors brought forward a proposition for modification of the above resolution and for approval of the original scheme as proposed by the City Improvement Committee on 29—7—1935 The Council however decided to refer the whole scheme to the Municipal Engineer for further information and to defer its consideration till the receipt of the Engineers Report

The scheme was not taken up again for about 6 years for consideration till May 1940

The Municipal Engineer prepared a scheme at a cost of Rs 264,000 for opening a 50 feet road with two foot paths of 10 feet

each and shop sites 40 feet wide on either side and submitted the same on 21st May 1940. It was approved by the City Improvement Committee on 22nd May 1940. The then Dewan Sahib appears to have inspected the spot in question on 22-5-1940 and suggested that the scheme might be taken up immediately. His notes of inspection are as follows —

The scheme for acquisition of Manorama Building and the continuation of the Manorama Road up to the Arcot Srinivasachar Road may be taken up immediately. It is said to be a self supporting scheme. The sum of Rs 3 lakhs required will be granted by Government as a loan subject to recoupment when the sites are sold.

At a meeting of the Council held on 5-6-1940 the following resolution on the subject was passed —

That the scheme be taken up along with the acquisition of Manorama and that the Government be requested to give a loan subject to recoupment by the sale of the sites etc and that suitable sites be provided for those whose land is acquired in near about places wherever possible.

On 1-7-1940 the resolution of the Council was sent to the Government for sanction. And the Government passed orders on 26-8-1940 to the following effect

The Resolution of the Municipal Council is sanctioned the advances being met out of the provision of Rs 5 lakhs made for extensions and formation of sites in Bangalore City in the current year's State Budget. A minimum rate of 4½ per cent interest will be charged on the outstanding advance from time to time.

The Municipal Commissioner is requested to forward the details of the scheme with the necessary plans.

A memorial signed by 17 residents of the concerned place was presented to the Council on 31-5-1940. But the Council does not appear to have considered it at all.

Again at a meeting of the Council held on 5-10-1940 the following resolution was passed —

‘ That a Committee consisting of Messrs T L Gangoji Rao S L Mannaji Rao and B L Byanna be formed to go into the question of the extension of the B V Krishna Iyengar Road and make a report.

The subject was again brought up for consideration before the Council at its meeting held on 21-11-1940 and the Council adopted the following resolutions moved by Messrs N Balakrishnaiya and T L Gangoji Rao respectively —

Mr Balakrishnaiya's resolution That pending disposal of the Committee formed on 5th October 1940 regarding the continuation of Krishna Iyengar Road on the final decision thereon resolved that all further acquisition proceedings be kept in abeyance

Mr Gangoji Rao's Resolution In view of the utter impossibility of acquiring the properties to a width of 130 feet to continue B V Krishna Iyengar Road and in view of the hardships and untold sufferings the public will be subjected to in that locality by adopting the above scheme it is proposed that the properties be acquired only to a width of 50 feet to continue the said road in accordance with the original proposal and adequate sites be allotted to those persons whose properties will be acquired in the premises of Manorama Bungalow and Goduriah Mutt land

These resolutions were sent to the Government on 13th December 1940 but no reply has been received

The Government however appear to have proceeded with the acquisition of land in connection with the Scheme A Special Establishment was sanctioned and a Special Land Acquisition Officer was appointed The Special Officer has taken charge on 3-1-1941 The preliminary notices under Section 10 of the Land Acquisition Act was issued The land acquisition proceedings were in progress

Some of the influential residents of the Second Division appear to have interviewed the Second Member of Council on 13-1-1941 and presented a petition also to him subsequently But we understand that the Government declined to interfere in the matter as the scheme was one undertaken by the Municipality and as the land acquisition work was in progress

On 30-1-1941 fifteen Municipal Councillors sent a written requisition to the President for the purpose of convening a Special General Meeting of the Council to consider a subject of great urgency and importance namely the scheme for the continuation of the Manorama Road Accordingly a special meeting of the Council was held on 31-3-1941 and it was resolved thereat as follows —

(a) That a Committee consisting of

- 1 Sri L S Raju (Chairman)
- 2 Sri B Subbiah
- 3 Sri C N Narasinga Rao
- 4 Sri N Kesaviengar
- 5 Sri M A Gopalaswami Iyengar

be appointed to inquire into and report on all aspects of the acquisition of land and buildings in connection with the continuation of the B V Krishna Iyengar Road with instructions to submit its report within three weeks from this date

- (b) That all further land acquisition proceedings regarding the continuation of the B V Krishna Iyengar Road be kept in abeyance pending consideration of the Report of the Committee or until further orders of the Council

**Committees Report** The Committee at the outset desires to lay stress on two important aspects of the scheme viz the heavy financial outlay and the hardship to the house owners

The scheme appears to have been taken in rather undue haste without a careful consideration of its financial aspect. The Municipal Engineer's estimate of the cost of the scheme appears to be too modest. And it is not clear what the Municipality would probably realise by the sale of shop sites. On account of the war the prices have gone up and the cost of acquisition may likely be much higher. Further the rate of interest at which the loan is taken from the Government is comparatively high. The Committee is therefore of opinion that the scheme is more a speculative venture than a self supporting proposition.

If the scheme is carried out some 181 houses would have to be demolished. These house owners and their families would thereby be rendered homeless and we are sorry to note that neither the Council nor the Government has taken any steps to provide them with housing facilities as was done in some cases. Though the Municipal Council passed a resolution that they should be given sites in near about places no action appears to have been taken in that behalf. Owing to the war the price of building materials has increased and the concerned house owners would find it difficult to embark upon the construction of houses on modern lines during such a time. There does not appear to be any great urgency about the scheme. If it is postponed till normal conditions are restored and proper provision is made for re housing those that may lose their houses it would not affect the improvement of the City.

The Committee therefore considers that the entire scheme may be deferred for the present and that the Government be requested to drop the land acquisition proceedings provided that the house owners who have received notices under the Land Acquisition Act give in writing an undertaking that they would not claim any damages against the Government or the Municipality. Mr C N Narasinga Rao suggests that if the Government wish to

continue the land acquisition proceedings they may be requested to undertake the scheme at their own cost Mr M A Gopalswamy Iyengar a Member of the Committee has signed this report subject to a minute of dissent which is hereto annexed

Sd L S Raju  
C N Narasinga Rao  
N Kesava Iyengar  
M A Gopalswamy Iyengar  
B Subbiah

Bangalore

Dated 11th February 1941

Subject to Minute of Dissent

For about 2 years the matter was kept in abeyance and in the year 1943 all of a sudden the Municipality knowing fullywell the scarcity of sites and also the impossibility of constructing the new houses when the cost of the material and labour have gone up abnormally high have chosen to pursue the acquisition proceedings without making any adequate provision for the houses to live in by allotting suitable sites in the vicinity

On 21-5-1943 a proposition tabled by Mr Ramlal Tivari the council resolved That a report from the Municipal Engineer as to the cost of present market was called for

On 12-6-1943 on Mr Chickyallappa's proposition it was resolved that acquisition may take place and sites be given at Kalasipalyam

On 21-2-1944 the council accepted the general proposition of Mr M A Gopalswamy Iyengar to the effect that sites may be given to those who accept the awards at Kalasipalyam

All the above propositions are not either fair in justice and equity

Revenue Department, Bangalore

Sir,

SUBJECT - Continuation of Mr B V Krishna  
Iyer's Road, Bangalore City  
-----

12/12  
Jg  
With reference to your letter No L 1834 dated the 4th December 1946 asking for an extract of the resolution passed by the Trust Board re the transfer of the above work from the City Municipality to the Board, I have the honour to invite reference to this office's letter No 1411/46-47 dated the 18th November 1946 with which an extract of the resolution under reference was sent. A copy of the resolution is anyhow appended below for ready reference -

It was resolved "That the Trust Board would have no objection to undertake the scheme if the same were transferred to them

the same may be referred  
to the C & T Board, Sir,

- 2 -

2 As it was since considered that taking up of the scheme by the Board from where the Municipality has left straightaway, would involve ~~the same~~ legal complications and *heavy* financial implications, the question has been proposed to be placed before the Board for a further consideration at its meeting to be held on 19-12-46. The final decision on the subject will be communicated to Government in due course.

I have the honour to be,  
S i r  
Your most obedient servant,

Date 30th January 1947

To

J.B. Mallaradhya, Esq., M.A.,  
Secretary to Government,  
Revenue Department, Bangalore

SUBJECT - B V Krishna Iyengar Road,  
Bangalore City

In continuation of this office letter No 1649 dated the 11th December 1946 on the above subject, I have the honour to invite reference to the proceedings of the meeting of the Board held on 17-1-1947 (copy sent to you separately with this office No 2012 - 22 dated 25-1-47) under subject No 8 and to the following resolution

"That the Board reiterated its previous resolution that it had no objection to undertake the scheme if the same were transferred to them, that the dishoused people affected by the above scheme be provided with sites in Kalasipalyam Extension, as far as possible, and that for this purpose, the remaining sites after recent sales in this extension be reserved and handed over to the Trust Board and that Government be addressed accordingly "

2 I request that in these circumstances, sanction of Government may kindly be obtained to the resolution of the Board re transfer of the scheme to the Trust Board and in the matter of reserving and handing

the scheme may be transferred  
to the C & T Board, B'lore

- 2 -

over to the Trust Board the remaining sites in  
Kalasipalyam Extension for housing the dishoused  
people affected by the above scheme
